# Lemon / Lime Wheel

A lemon or lime wheel cut to wedge onto the side of a glass.

## INGREDIENTS

- Cocktail glass (Tumbler / Water glass)
- 1 Lemon wheel

## METHOD

1. Wash the lemon / lime carefully.
2. Slice across the lemon / lime, making a slice about 5mm thick.
3. Make a small slice in the bottom of the lemon / lime wheel, to enable you to wedge it onto the side of the glass.
